# USER MANUAL

[Read all instructions carefully]

*Please read this manual carefully before using your kit!!!*

 *Keep this manual for future reference!*

Thanks for having chosen our company's 1500W Haze Machine. For your own safety, please read this user manual carefully before you installing the device. By following the suggestions found in this manual, you can look forward to the reliable and satisfactory performance of your hazer for years to come.

## ●PRODUCT DESCRIPTION

Small but pretty powerful! With brand new aluminum flight case integrated, several items can be stacked. This hazer can disperse very far and rapidly. It is pretty even, dry, and long lasting. Very suitable for for high-end bars and small shows by hanging or placing flat wise on the ground. It can produce very thin, uniform mist quickly and show perfect beam effects by using our professional oil, without moisture.

### Product Parameters:
